

Welcome

CONSULTANCY SERVICES

From

SOLKAR SOLAR INDUSTRY LTD.,
CHENNAI

Need of the Hour

While the need for Solar Energy or any other Renewable Energy is increasing in the market , still the user is not having adequate knowledge in choosing the right solution for their need. Thus we offer an unbiased, technical consultancy services in evaluating the Site Feasibility and preparing the Detailed Project Report for installing Solar Off-Grid Power Projects or Solar Thermal systems.

We offer for a Individual User / Industry / College / Businessmen wanting to use solar power.

We have the complete technology and turn-key solution in setting up Solar Photovoltaic power plant in India and abroad

OUR SCOPE

- Preparation of DPR for the Project by visiting the site , collecting informations and holding discussions with the end user
- Co-ordinating with Govt agencies for project approval, power purchase agreements , Subsidy formality.
- Facilitation of Loans for the project upto 70% of the equipment cost.
- To work as an consultant to oversee design, quality of materials used , project management services in coordination with your EPC executors.

We do not charge any fees for consultancy services from you as this is part of our social obligations.

How ever , our Trust MGR welcomes your contributions as a
Donation

Thank You.
